Internship Evaluation

Employee Name	: Keshav Mundra	Date	: 3 Jan 2023
Position	: Data Engineering Intern	End Date	: 12 May 2023
Department	: Engineering	Direct Report	: Satya Walpresa
Location	: India	Notes:	: Internship Evaluation

No.	Assignment / Project	Progress/Achievements (by Intern)	Manager's Comments
1	Verification of the data warehousing layer for affiliates	Keshav was able to identify the wrong handeling of account types and was able to suggest certain changes that would help in data handling. Keshav has been so often to ignore meetings without any confirmation. And he often failed to understand the main problem	
2	Growth dashboard migration to dwh layer	Keshav was responsible for moving all the queries in the growth dashboard to the sale unified view he was able to achieve this and also helped Abilash with onboarding	
3	Restructuring the monthly general report	As per the new format, Keshav was able to leverage the metrics for the new report on his own	

IV. Overall Feedback & Improvement	
Comments from Interns [Summary of overall experiences, learnings, challenges, communications, culture, and supports that received by Manager and other teams]	
Comments from Reviewer / Manager [Summary of overall feedback to the Employees for all aspects]	Overall, I like to see Keshav's improvement during the internship period. But, I would like to see him to be more improved outside. and improve in a commitment side, proactive side, transparency.

V. Final Result (by Manager)		
FALSE	Extend Internship until _____ months	
FALSE	End Internship	
FALSE	New Employment	

Intern		Manager
