Internship Evaluation

Employee Name	: Siddharth Akar	Date	: 03 Jan 2023
Position	: Software Engineer Intern	End Date	: 12 May 2023
Department	: Engineering	Direct Report	: Shivam Aggarwal
Location	: India	Notes:	: Internship Evaluation

No.	Assignment / Project	Progress/Achievements (by Intern)	Manager's Comments
1	*Agent Service Migration(18 api's).*	*18 api's migrated to go-agent-service(golang) from agent-service (nodejs).*	*He delivered as per the estimated timelines*
2	*Unit Test Cases For api's*	*wrote Unit test cases for apis in golang using gomock testing framework*	*He worked on initiative for qoalaplus engineering team on Unit Test Framework and implementation*
3	*Agent Service Api's Documentation(api contract, flow diagram, sequence diagram)*	*created documentation for api's which includes api contract, flow diagram, sequence diagram*	*He learnt documentation and drafted good technical design document and api contracts*

IV. Overall Feedback & Improvement

Comments from Interns [Summary of overall experiences, learnings, challenges, communications, culture, and supports that received by Manager and other teams]	*As an intern, I had a great experience working on the agent service migration project. Migrating 18 APIs from nodejs to golang was definitely a challenging task for me, but I learned a lot throughout the process.(learned importance of effective communication). I created documentation, including sequence and flow diagrams, and wrote unit test cases in Golang. It was a rewarding experience that helped me develop technical writing skills and gain experience with testing frameworks.*
Comments from Reviewer / Manager [Summary of overall feedback to the Employees for all aspects]	*He took ownership of the assigned work related to api migration. Also shown good growth potential where he learnt about unit testing and technical documentation from scratch and implementated. He also did all this with humilty and collaboration with the team.*

V. Final Result (by Manager)

- ☐ Extend Internship until _____ months
- ☐ End Internship
- ☑ New Employment

Intern
