With more than 2000 competitors from the top IITs, NITs and other esteemed colleges in the fest, our member Ayush Bajaj was able to bag 2nd position for his extraordinary performance in Gordian Knot, an intense brainstorming Astronomy Quiz.

The event consisted of two rounds, the first being a standard Quiz round in which everyone rushed to score good ranks to enter the second round which was an even more intense one, where contestants gets the chance to grab some goodies and a course worth Rupees 5000/-.

Nevertheless, AstraX'22 pumped us all in its preparation. The fun, the efforts and the knowledge we shared amongst ourselves will surely contribute a great deal to the future events.

This achievement is just one but with a lot more to follow, while many have already been in the Club's name. We congratulate the entire team for their exceptional efforts and hope that we will be writing such mails again within no time!

Congratulations to all the winners and the LNMIIT Astronomy Club. I believe you all are also sharing your certificates and photographs of the events with [@Dean Office](#) for the official record.

If not so, I would request Gymkhana members to encourage the students' clubs and their representatives to do so.

Best wishes to all for all future endeavours,

Narendra
