Code Your Way To Success

About Coding Blocks

[Coding Blocks](#) was started in 2014 with the mission to create skilled software engineers. Our aim is to skillify Programmers with the skills that are required in the IT industry.

At [Coding Blocks](#), all instructors are themselves great coders and highly employable in the Industry. They decided to join [Coding Blocks](#) instead of joining the Industry because they are passionate about teaching and strongly believe in the company's vision.

Since inception, we have helped more than 100,000 students in achieving their goals. However, over the last few years, we have forayed into the field of In campus programs into campuses like Shiv Nadar University, BML Munjal University, Lovely Professional University, Chitkara University, GLA University, St Andrews college and Delhi Government.

We have proven Success numbers and teaching pedagogy and believe students in LNMIIT college will benefit greatly from the program.
