

6.2.3 - Institution Implements e-governance in its areas of operations

6.2.3.1 - e-governance is implemented covering following areas of operation

- Administration
- Finance and Accounts
- Student Admission and Support
- Examination

Since 2021, the institute has been steadily ramping up its efforts to include e-governance in a majority of its organizational practices. The institute has de-centralized many financial and HR related decisions that can be initiated (and also processed to some extent) online. The institute is also in the process of creation of a new position as Dean of e-governance who will be tasked with the procurement and implementation of an internationally recognized all-inclusive digital campus ERP solution. The product selection process for ERP product selection has been initiated.
