

Training Session on Grammarly 16th December 2022

Grammarly training session held on 16.12.2022, to guide LNMIIT community about the benefits and usage of Grammarly as a Research Tool.

Grammarly is a digital writing tool that provides grammar and spell checking, plagiarism detection services, and suggestions about writing clarity, concision, vocabulary, style, and tone. **Grammarly** helps faculty, research scholars, and students find and correct low-level errors in their written work and avoid inadvertent plagiarism.

It guides to identify and replace complicated sentences with more efficient ones, refresh repetitive language, and uphold accurate spelling, punctuation, and grammar.

Invites you to an online workshop on
Improving research writing using

The world's No. 1 Research Writing Software

Exclusively for
LNMIIT Jaipur
