Coordinator)

## **Event Brief:**

The event is called an extempore event which was conducted on 18/09/2022 in LT4. The event was an exciting and unpredictable experience where participants were asked to speak on a given topic without prior preparation. It was a public speaking competition designed to help students develop their communication and critical thinking skills.

During the extempore event, participants were given a topic and a limited amount of time to prepare their thoughts and present their ideas. This requires quick thinking, effective communication, and the ability to adapt to unexpected challenges. The audience was also essential to the event, as they provided feedback and asked questions about the speaker's position. A few such topics were: excessive expenditure on defense and ammunition, the usefulness of exams in academic evaluation, the future of electric vehicles, etc.

The extempore event proved to be an excellent opportunity for participants to develop their confidence and improve their communication skills. It was a fun and engaging way to learn about a variety of topics and gain new perspectives on the world around us.

The winners of the event were:

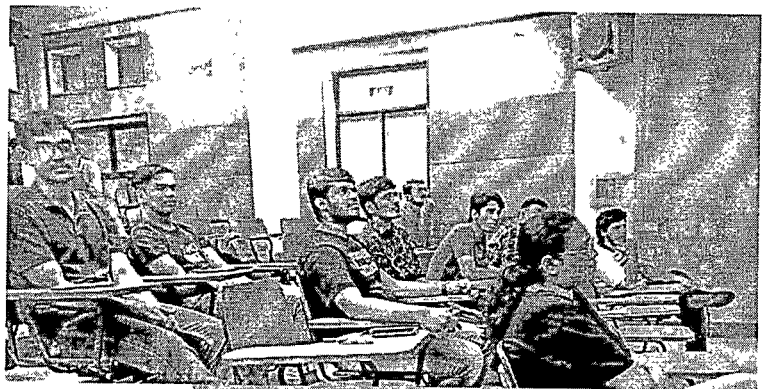

1st: Harshit Chaudhary 21ucs089

2nd: Divyanshi Jain 21ume019

3rd: Sparsh Dalal 21ucs208
