Dear Prof. Sharma,

This is with reference to your collaborative research proposal submitted by you under the **India-Taiwan S&T Cooperation Programme – Call for Proposal (CFP) 2018**. The last date for submission of proposals to Global Innovation & Technology Alliance (GITA) in India and National Science Council (NSC) in Taiwan was during month of March, 2018.

It is our pleasure to inform you that after joint deliberations, both agencies, DST & MOST have agreed to support your collaborative project under CFP 2018.

The actual start date of the Project would be from the date of issuance of the Project Sanction Letter. In order to process the issuance of formal Project Sanction Letter from Indian side, you are requested to kindly submit the attached "**Annexure 3 - Checklist and Annexure 7 - Bank details**" for getting the proposal cleared from Security/Sensitivity angle. In case the proposal belongs to R&D Laboratories of ICAR, CSIR, ICMR, DBT, DAE etc, necessary Security Sensitivity Clearance of the Secretary of the Nodal Administrative Departments to be obtained.

It is to be noted that, "Check-list" is just a list of issues pertaining to Security/Sensitivity Clearance of the proposal and hence, these points need to be picked up only from the originally submitted proposal. Kindly do not propose anything-new budget in the checklist. The budget part in the Checklist should reflect as per the originally submitted proposal. It may, however, be noted that, final approved budget from Indian side may be different from what you have proposed in the proposal. The actual approved budget, as recommended by the Project Evaluation Committee (PEC), will be appeared in the formal Project Sanction Letter along with Terms and Conditions of the Grant-in-Aid.

Request you to send the required Security/Sensitivity Clearance of the proposal at earliest .

***Kindly provide bank details in a single page document (attached)**

Looking forward for your acknowledgement of this email and early submission of above mentioned documents (Original and scan copy).

Regards,
Rahul Dhir
