MEMORANDUM OF UNDERSTANDING

BETWEEN

Centre for Machine Learning and Big Data Analytics, The LNM Institute of Information Technology, Jaipur, India

AND

Artificial Intelligence Institute, University of South Carolina, Columbia, USA

This memorandum records the intention of **Centre for Machine Learning and Big Data Analytics**, The LNM Institute of Information Technology, Jaipur, India and **Artificial Intelligence Institute**, University of South Carolina, Columbia, USA, to strength ties between the two centres, which might lead, in future, to the establishment of one or more partnership agreements for exchange purposes or academic cooperation including research collaboration between faculty researchers, research internship and joint research projects.
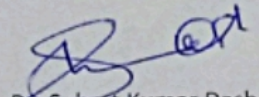

The signing of this memorandum is made as a gesture of goodwill between the two centres, which may see the development of links in the areas of:
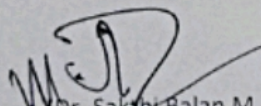

- Exchange of students for a given period through a recognized exchange program/ summer exposure programme
- Exchange of faculty members of the two institutes
- Exchange of research material and documentation
- Coordination in joint or collaborative research projects

Details of the implementation of a specific collaborative agreement, within the scope of this MoU, shall be discussed and finalized between the two centres as such specific cases arise. Any such agreement will require the development and execution by both centres of a specific Agreement of Cooperation in that area.

This memorandum of understanding is subject to revision, renewal or cancellation by mutual consent, and becomes effective upon completion of the signatures, valid for a period of five years from the date of signing indicated below.
